

MEDIBRIEF

SEPTEMBER 2022

How we keep you informed about benefits and contributions

At the end of every year, we inform our members about benefit changes and contributions for the year ahead.

- The October issue of MediBrief contains the most important changes as well as the contributions for the next year.
- At the beginning of November, we post a printed Benefit Guide to all our main members' registered postal addresses. Please ensure this address, as well as any other contact details we have for you, is up to date on our membership database. The Benefit Guide provides information on all three plans and includes other important information regarding your membership.
- Around the month of November, we invite you to join the annual benefit presentations, where your Client Liaison Officers take you through changes, revisit existing benefits and remind you about important facts on how to manage

your membership. If you attend a face-to-face meeting, you have the opportunity to discuss any query you might have with your Client Liaison Officer afterwards. Employees join these meetings at their workplace and will be informed about the time and venue through their HR department or internal communication. Meetings for our retired members are separately organised – see information below.

- The Scheme website and app will show the current year's benefits and contributions until the last day of the year but will be updated from the first week of January.

Should there be important changes during the year, you will read about it right here, in MediBrief. All MediBrief newsletter articles are also published to the Info Centre on the Scheme's website. We will also include practical tips in MediBrief, as to how to use your benefits during the year.

Have you downloaded the Anglo Medical Scheme App yet?

Download the Anglo Medical Scheme App to access information about your benefits, plan and membership – anywhere, anytime. More info available at www.angloms.co.za

Pensioner year-end sessions – let's meet again!

Pre-Covid, we had a countrywide roadshow to meet with our retired members to inform them about the changes for the year ahead. Some of these sessions were well attended, while others were more intimate. During the pandemic we had to put these meetings on hold due to the known reasons.

We believe the time has come to try and meet again! We will still offer two virtual sessions for members that prefer attending from the comfort of their home, especially if they live in more remote areas. If you live close to the below venues, we would love to see you again.

You will have noticed that we have not yet set up meetings at all the previous venues. Some venues have closed down during Covid; some meetings were very poorly attended before the

pandemic. To evaluate our members' interest to participate, we started by setting dates for meetings at venues where we had better attendance in the past.

The following meeting dates and venues are not set in stone. If we don't receive enough positive responses, we reserve the right to cancel these meetings and would then ask members that RSVPed to attend one of the virtual meetings instead. If the responses exceed our expectations, we can always add another date or place – it's all up to you, the members. Please RSVP to your Client Liaison Officer as soon as possible, but no later than the dates indicated below for us to determine if we can confirm these meetings or not. Rest assured that all Covid measures and protocols will be in place and that we will not crowd too many members in one meeting room. Our traditional lucky draw will take place in all our meetings.

VIRTUAL MEETINGS

09 November 2022 at 10h00 and 10 November 2022 at 10h00

No matter which region you are from, you can attend either of the virtual meetings. Please RSVP by 28 October 2022 to any of the below Client Liaison Officers indicating your preferred date; name and surname; membership number; cell phone number; and email address. We will then send you a link to the presentation with information how to access it, two days before the meeting. All you need is a device with an internet connection, a web browser and approximately 1 GB of data.

PHYSICAL MEETINGS

Gauteng

City	Place	Address	Date	Time
Johannesburg	Hotel Apollo	158 Bramfischer Dr, Ferndale, Randburg	08 November 2022	10h00
